

Gen 3

2-8

1. ORDER: An unholy trinity - man, woman, Satan instead of the holy one: man, woman, God - the one that bears God's image. - Compelled by Love.
now the image is marred.

2. Relationship: breakdown in responsibility
blame God for making the context of problem.
blaming of Adam, Snake, God -
→ for personal choices

Unfulfilled and conflicting desires.

.. "Everything would have been fine if it wasn't for..!"

foreshadowing of conflict of man vs woman, with woman being the temptress.
role reversal & relational frustration

3. Order

Cultural mandate: creating & sustaining life becomes "oppositional." Pain, weeds, selfishness, individuality.

4. L*OVE: oneness of God/people broken

1. Creation fights back.
2. Satan doesn't play fair!

Love - NO longer the "default"

★ Order - Compromised and confused

The very thing that Adam & Eve
were to control ended up controlling
them.

Relationship - Self-conscious.

Our default is to see things in
terms of their impact on us.
